Building Innovation Exhibition

Creating a happiness, safety,
and sustainability living

Wed 12 - Fri 14 March 2025
EH103-104 BITEC

มหกรรมกาแสดงนวัตกรรมอาคาร

ส่งเสริมความคิดสร้างสรรค์, สร้างความสุขและความปลอดภัยของชีวิต
เพื่อสิ่งแวดล้อมและโลกที่ยั่งยืน

Organized by

THE NOVA EXPO

In the face of a burgeoning global crisis, EEC Academy stands as a testament to collaborative resilience and innovation. We understand that monumental innovations are not the brainchildren of solitary entities but the cumulative effort of synergistic minds. Since our inception in 2005, we've spearheaded the paradigm shift in design methodologies, integrating advanced practices and transformative lessons into the very DNA of our learning modules.

Join over 10,000 trailblazers who, like you, thirst for real-world applications and accessible technology, shaping market demands into opportunities for groundbreaking innovations. We're not just a meeting point; we're a melting pot of visionary seekers and ingenious creators.

Enter The Nova Expo: Where Brilliance and Opportunity Collide!

ESI CONCEPTS

Brought to you by EEC Academy, The Nova Expo isn't just an event; it's the epicentre of "Sustainnovation." We're connecting the "I" dots - Innovation seekers and Inventors - in a dynamic crucible of ideas, forging alliances and reshaping industries.

Why attend? Because The Nova Expo is more than an exposition; it's the birthplace of revolutions in the property development sphere, driven by our ESI ethos:

"E" as Ecosystem

We're crafting communities where every life counts, from your next-door neighbour to the global environment. We're championing local resources, slashing carbon footprints, and striking a harmonious chord with Mother Nature herself!

"S" as Sustainability

Imagine a world sustained by its industry, where carbon footprints are relics and green living is the norm. That's not just our dream; it's our blueprint for a sustainable future, now embraced industry-wide. But we're not stopping there; we're pushing boundaries, making giant leaps for mankind, and the planet!

"I" as Innovation

Welcome to a world unified in vision and purpose! At The Nova Expo, groundbreaking ideas meet global policies, and trailblazing tech finds its patrons. We're the matchmakers for world-saving technologies, aligning inventors with international backers eager to invest in a greener, brighter future.

The Nova Expo isn't a mere event; it's a crucible of techno-innovation, nurturing a fraternity of like-minded connoisseurs, corporate gladiators, and societal architects. Here, brainstorming sessions transcend into hives of actionable strategies.

Ready to command the helm of change? Immerse yourself in a confluence of ideas, technology, and human ingenuity. With EEC Academy and The Nova Expo, you're not just on the frontier; you're creating it. Welcome to the forge of future-makers!

FACT SHEET

Building Innovation Exhibition

Creating a happiness, safety, and sustainability living

Show Name: THE NOVA Expo 2025

Gross Area: Approx. 10,000 m²
Show Days: Wed 12 - Fri 14 March 2025
Operating Hours: 10.00 - 19.30
Expo Venue: EH103-104 BITEC
Organizer by: EEC Academy
Parking: 4,100 cars and 102 buses
Expecting Visitors: 12,000 people

Exhibitor Profile

New City

- Smart City Solution
- City Information Modeling
- Central Utility System:
 - District Cooling System,
 - Drinking Water System,
 - Onsite Power Supply,
 - District Water and Fire Water System
- Automatic Waste Collection System
- Micro Grid
- Solar Solution
- EV Infrastructure

New Building

- Low Carbon Material and Wood Structure
- Modular and Pre-fabrication Technologies
- Construction Technology
- Passive Design: Semi Outdoor Space Solution
- Radiant Cooling
- IAQ Product
- Smart Lightning Monitoring
- Wireless Lighting System
- Circadian Lighting
- Automatic Carpark
- Energy Storage System
- Battery Technology
- Waste and Recycle Water System
- Smart Bin and Onsite Waste Composter
- Façade Technology: BIPV, ETFE
- Smart Equipment: Faucet, Pump, Lighting, Smart Pole
- Advance Life Safety
- Advance Security

Control and Management

- Digital Twin and Ai
- BIM 6D
- Smart Metering System
- IoT
- Robotic and Automatic System

Performance Improvement/ Replacement

- ESCO (Energy Services Partner)
- Performance Guarantee Partner:
 - Chiller Plant,
 - Wastewater Treatment Plant
- Power Quality

Visitor Profile

City Developer

- Government Agencies:
 - MEA, PEA, MWA, PWA, BMA,
 - กรมโยธาธิการและผังเมือง

Developer

- Top 10 Developer
- Excellence Center Healthcare Facility
- Mixed-use Commercial
- Residential
- Office
- Hospitality
- Bank
- Retails

Designer

- Architect
- MEP Engineer
- Civil and Structure Engineer
- Interior Designer

Facility and Asset Management

- Top 10 Facility and Asset Management and local building operator

Contractor and Consultant

- Main Contractor
- MEP Contractor
- Project Management
- Construction Management
- QS
- Sustainability and Green Consultant
- Professional Association

Decarbonization
